## Funeral Services For W. A. Huling Held In Hamlin, Tuesday

Death came to William Andrew Huling at his home in Corpus Christi, Texas, at 8:45 A. M., Saturday, May 12, at the age of 78 years, 9 months and 28 days.

While Mr. Huling had made his home in Corpus Christi since 1926, he has all along been considered by his old pioneer friends as still being a Jones County farmer, just one of us, spending his time temporarily in the seaside town, and Mr. Huling himself felt that way about the Hamlin community where he always came back on visits, time and time again.

W. A. Huling was born in the state of Georgia, July 14, 1866. After coming to Texas, he was united in marriage in Cass County 56 years ago to Miss Annie Kennedy. He lived in Hunt County before coming to Jones County in 1905. Until 1920, he lived on a nice farm east of Hamlin, and when his health became too bad to carry on his work, he and his family came to Hamlin and lived until they established their home in Corpus Christi in 1926.

Survivors are his wife, Mrs. Annie Huling; three sons, Ray, Huling of Borger, Oddis Huling of Corpus Christi, and Van Huling of Hamlin; three daughters, Mrs. Pernie Rush and Mrs. Lenice Phillips, both of Stamford, and Mrs. Lora Smith of Robline, La. He had only one brother, R. G. Huling of Campbell, Texas, and three sisters, Mrs. W. S. Slater and Mrs. J. W. Jones, both of Commerce, Texas, and Mrs. Valeria Martin of Fort Worth. There are 17 grandchildren and 16 great grandchildren.

All of the children were present for the funeral, and only one sister, Mrs. Jones, could not be here. Other relatives coming for the funeral were granddaughters and nieces: Mrs. Aaron Mallonee and husband and Miss Marie Huling, of Wichita

## Annual Garden Tour Will Be Sunday

The Hamlin Garden Club will have its May Garden Pilgrimage, the afternoon of Sunday, May 20, at 5:00 o'clock, starting at the garden of J. P. Morgan, then visiting the gardens of C. G. Green, C. P. Yates, W. N. Temple, and Harold Bonner, in succession. Every person interested in the beautification of home grounds is invited to attend.

Falls; Miss Obera Rush and her sister, Mrs. Wynona Cox, of Baton Rouge, La.; Mrs. Joe Vasek and husband and daughter, and Mr. and Mrs. H. M. Phillips, of Stamford; Mrs. Norvie Couch of Lubbock; and Mr. and Mrs. Norton Pitcock and daughter, June, of Aspermont.

The funeral was held in the First Baptist Church of Hamlin, Tuesday, at 3:00 P. M., with the pastor, Rev. B. J. Martin, in charge. The services were attended by a large number of old time friends from over the county, and there were many floral offerings from a wide circle of friends of the family.

Mr. Huling had been a deacon in the Baptist Church since 1899. He was a member of the Park Avenue Baptist Church in Corpus Christi at the time of his death. A short funeral services was held in that city before the body was sent to Hamlin. Burial was in the Fairview Cemetery, near Tuxedo, under the direction of the Barrow Company of Hamlin.

Those of us who knew W. A. Huling all these years always found him a citizen of the highest rank, a man who carried his afflictions with a jovial smile, and enjoyed his friends.

## Ira Eugene McInroe Died At Stamford Monday, May 7th

IRA EUGENE MCINROE

After many months of suffering and lingering near death, the life of Ira Eugene McInroe came to a close on Monday, May 7, at 11:15 P. M. in the Stamford Sanitarium.

Mr. McInroe was born Nov. 17, 1904, in Erath County, a son of Mr. and Mrs. G. B. McInroe. At the time of death, he was 40 years, 5 months and 20 days of age.

His early life was spent in Erath County, where he received most of his education and became a prominent and popular teacher, loved and esteemed by all who knew him.

In August of 1940, Mr. McInroe and his family came to the Flat Top community, where he and his wife taught school for two years. To meet Eugene McInroe was to know him. He had a very pleasing personality, a friend-maker with all whom he met. He was devoted to his Christian faith and lived and taught it in all his walks of life. Such a man soon endeared himself to the people of his community because of his big heart and readiness to be of service. He loved music and was popular as a song leader and Christian worker.

Other communities desired such a personality and the Swedonia school west of Hamlin asked that the McInroe family make that community their home. Mr. McInroe was starting on his third year as principal of the Swedonia school, when on Nov. 28, 1944, in the midst of what seemed perfect health, while talking with friends, a terrible pain struck his brain and for a long time it seemed the end was at hand. He was taken to a brain specialist in Fort Worth and everything possible was done for his recovery. He longed to return home, and on March 2, 1945, he was permitted to leave the immediate presence of a specialist and came back to the Swedonia home on March 12, remaining under constant attention of a physician from the Stamford Hospital. He was carried to the Stamford Hospital on April 27 and gradually the end came Monday, May 7.

Survivors are his wife, the former Miss Ola Browning to whom he was married on Dec. 18, 1924; one daughter, Miss Ola Jean, a senior in Hamlin High School; his parents, Mr. and Mrs. G. B. McInroe of Tolar; three sisters, Mrs. Susie Morrison and Mrs. Dovie Sue of Tolar, and Mrs. Floy Rollins of Grandbury; two brothers, Joe McInroe of Tolar and Pfc. Darwin E. McInroe in the Southwest Pacific.

Mr. McInroe became a Christian at the age of 19 and joined the Methodist Church, and as the years passed, his joy in Christian service increased. He gave messages in song, served as a Bible teacher, and was Sunday School superintendent. He loved boys and girls and was a Boy Scout Master. He was a member of the Hamlin Masonic Lodge.

On Tuesday morning, May 8, a short funeral service was held at the Barrow Funeral Parlor in Hamlin, with close friends paying their last tribute. Rev. J. A. Young, a pioneer citizen of the Swedonia community, who loved and appreciated Eugene McInroe, lead in prayer. Rev. Dan Jones, pastor of the Hamlin Church of the Nazarene, delivered a short address. The Barrow Company took the remains to Stephenville, Texas, accompanied by the family and the following friends: Rev. Dan Jones, who went to preach the funeral; Clinton Packwood, representing the Masonic Lodge of Hamlin; Mr. and Mrs. Bill Smith, Mr. and Mrs. Raleigh Reynolds and children, Larry and Allene, Mr. and Mrs. A. G. Smith and son, Glen, Mr. and Mrs. Tarlton Willingham and son, Jack,

## First Load New Oats Came In Monday

The Jack A. Harden Grain Co. reports the first load of new oats to arrive in Hamlin this season. W. R. (Bill) Smith, of the Swedonia community, produced the grain and the test showed 361 pounds, with 12 per cent moisture, No. 1 quality. Harden paid 50 cents per bushel.

While we are on the grain subject, we might say that quite a bit of old maize is coming in now and is bringing about \$1.60 per.

Now about wheat: Wheat is looking tip top. It is promising far more than was lately expected. In fact, some wheat is extra fine and is estimated to yield around 30 bushels. However, the average might be around 20 bushels. Anyway it is "upstanding" and is getting long and heavy.

## D. L. BRISTOW AND WIFE MOVE BACK TO HAMLIN

This week we see the happy face of D. L. Bristow who has moved into his Hamlin home from his farm northwest of Tuxedo. He purchased the Cliff Reynolds' home on Jackson Avenue, one block south of the high school. This pioneer couple formerly owned a beautiful place near what is now Hamlin's New Lake, but they sold it and purchased a nice farm home near Tuxedo. However, labor scarcity and other farm problems caused Mr. Bristow to make a change. He sold the place and moved into town. He has two farms six and seven miles east of Hamlin on the old Anson road, and we may expect to see him going out that way often.

In this connection, we will state that Mr. and Mrs. Reynolds have purchased the Armstrong home, near Third Street on Jackson.

Mrs. Will Address returned home last week from Los Angeles, where she attended the wedding of her daughter LaNell, and visited with another daughter, Mrs. Grace Holder.

and Misses Reta Jo Dean, Jeannine Johnston, and Roberta Reynolds. In Stephenville, the body lay in state at a funeral home, permitting the many old friends and neighbors to pay their respects. On Wednesday, the final rites were held at the First Methodist Church in Tolar, with Rev. Dan Jones making the chief address, assisted by the pastor, Rev. L. S. Rogers, and the Rev. Ernest Rippetoe, pastor of the Stephenville Baptist Church, in charge of the singing. At the graveside, the Masonic Lodge of Stephenville took charge, and the body was given its final resting place. A young and useful man, husband and father had passed on. All the ways in which loved ones and friends could speak were evident; bountiful floral offerings were in profusion to speak sentiments of love for the memory of Ira Eugene McInroe—a loving companion, a devoted father, a leader of youth and a Christian man.

## John W. Burgess, Retired Railroad Man, Died In Hospital Sunday

John W. Burgess, a retired railroad conductor on the Santa Fe system, passed away at the Stamford Hospital, Sunday morning, May 13, at 8:40 o'clock, after a short illness.

Mr. Burgess was born in Grayson County, Texas, Nov. 4, 1878, and was 66 years, 6 months and 9 days of age. He came to Hamlin in 1909 and served with the old Orient railway and continued with the road as a part of the Santa Fe system, as a conductor until his retirement in February about 1941.

Shortly before coming to Hamlin, Mr. Burgess was united in marriage to Mrs. Ida M. Taylor in Sweetwater and they have made their home in South Hamlin since that time. Survivors are his wife and one son, John W. (Dub) Burgess of Hamlin; two step sons, Tom E. Taylor of Hamlin and S. H. Taylor of California; three sisters, Mrs. Belle Shafer and Mrs. Fannie Bridgeman, of Amarillo, Texas, and Mrs. Lennie Ewing of Greenville, Texas; and one brother, Joe Burgess, of Alpine, Texas. Two of the sisters came for the funeral. Mrs. Bridgeman was unable to come but her husband was present. Also the brother was ill and could not be here.

Mr. Burgess had been a member of the Methodist Church since boyhood, having his membership in Abilene. He was a man of dignified bearing, and a friendly fellow with his close friends and railroad associates.

Funeral services were conducted at the First Methodist Church, Monday afternoon at 3:00 o'clock, with the pastor, Rev. E. L. Yeats in charge, assisted by Rev. B. J. Martin.

Pallbearers were all railroad men: Pearl Fannin, C. C. Prater, W. L. Cash, Delbert Rountree, Jack Owens and H. A. Hinkle. Many floral tributes from friends bore words of sympathy and esteem.

The body was placed to rest in East Cemetery, under the direction of the Barrow Company.

## THIS WEEK

A LITTLE BIT ABOUT

*This*

AND A LITTLE BIT OF

*That*

—Let us ALL remember that Hamlin has a Bond Quota to meet ... It is expected of us to meet our part of the great task that is far from being finished.

—A part of a "Two-Ocean War" has gone up Victory Street. The cost is now less than a few weeks ago, but the cost can never be "halved" because now we have only the Japs to fight.

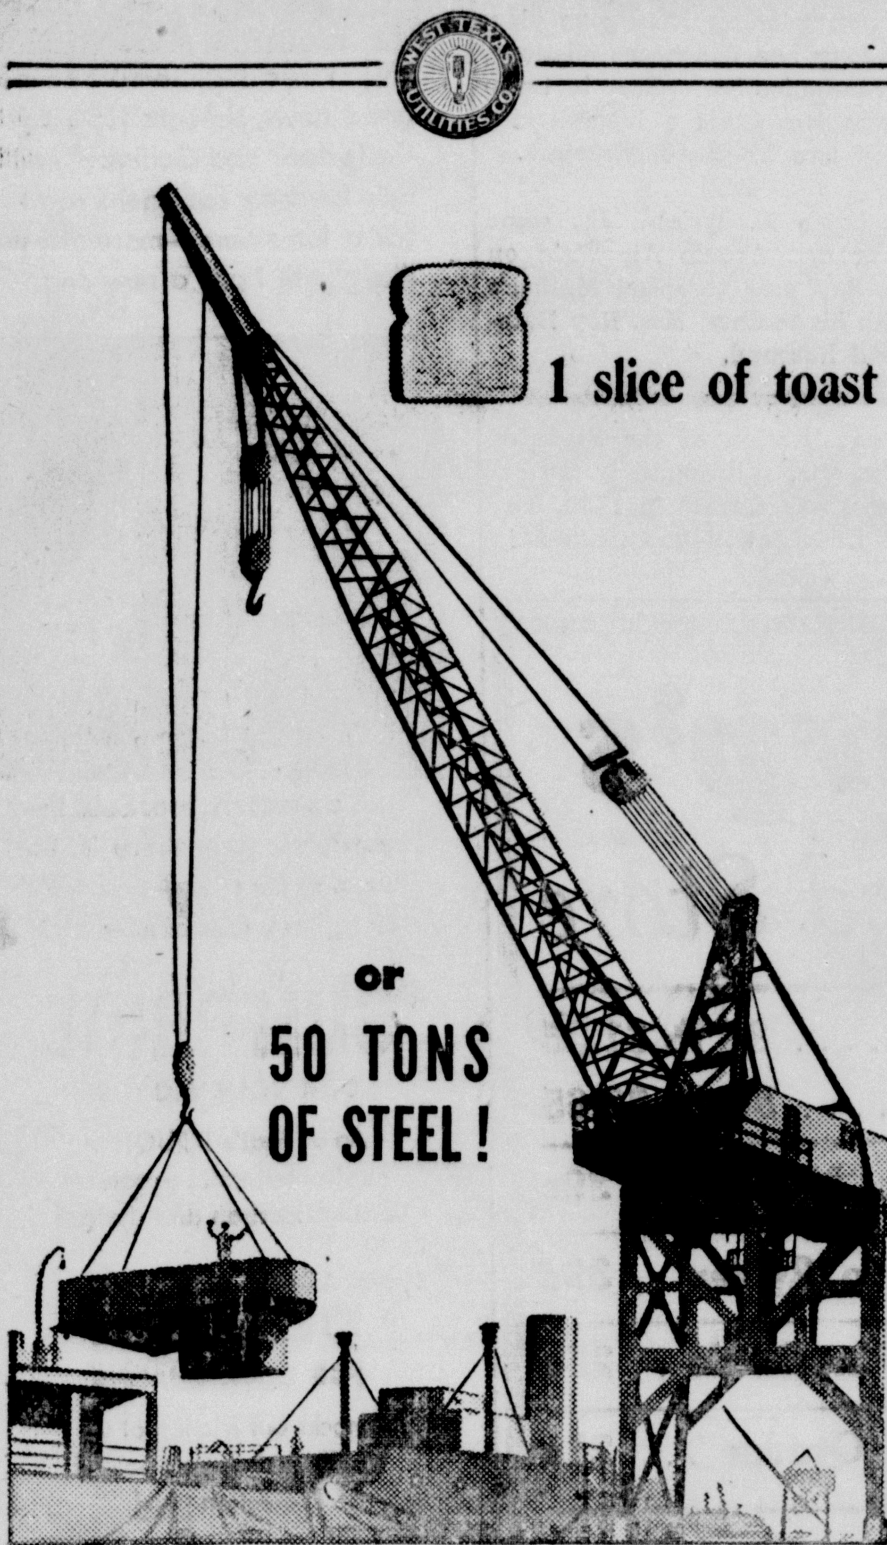

—Are you keeping up with what is going on (this question does not apply to Mothers and Dads, brothers and sisters, etc. who have loved ones on Okinawa) over the Pacific? Don't let down on your anxiety. Don't you know that already Okinawa has cost more American boys' lives than the dreadful Iwo Jima campaign? And Okinawa is not taken, yet.

—People who think the Japs are easy, a push-over, certainly do not understand Jap psychology. Can you think of Japs surrendering a U-Boat? Can you imagine 5,000 Japs, or 500 Japs, or 50 Japs "surrendering"? Don't you understand that the population of Japan is yet about 80 million? So far we have only edged their strongholds. Certainly we are going to beat them down, blast, burn and bury their cities and even gardens to prove they cannot cut the throats of helpless neighboring people in the future. Yes, Victory over the Japs is as certain as most of us believed was to come over Germany. All this will cost plenty of money—not daring to mention the irreparable cost in lives of young Americans. Just as long as we have to fight, our money must be permitted to go into the battle and not be "slacking in luxury."

—Hamlin community will certainly never let her noble young people down, after sending them ten thousand miles from home to suffer and die.

Mr. and Mrs. D. W. Carlton received a message this week from their son, Max Carlton, AMM 1/c, saying that he had landed in Seattle, Wash., and after a brief stop in San Francisco, Calif., would be on his way to Texas.

Mrs. Herman Mayfield and daughters returned to their home in Roby after a visit here with her parents, Mr. and Mrs. Will Address.

YOU'RE looking at an electric "whirley" crane in action. It's placing a superstructure on the deck of a new troop transport.

This is a big, rough, tough power job. It takes a lot of electricity—a far cry from the amount needed to make your breakfast toast.

Today, electricity is doing a lot of big jobs...helping to keep America's huge war machine roaring toward victory. And it is also doing the little jobs in the home...helping to give hard-working Americans the comforts and conveniences that keep morale high.

And all this at low pre-war prices!

Your electric company is glad to have been able to keep plenty of cheap electricity on tap in these war times...and our folks pledge that an abundant supply will be ready to serve all your post-war needs.

## WE SHOULD PERMIT OUR RAILROADS TO SERVE AMERICAN PUBLIC, UNTRAMMELED

While regulations of business have been rampant in recent years, there is one proposed measure which should be readily adopted by Congress. It is the proposal by Representative Bulwinkle, of South Carolina, to amend the Interstate Commerce Act which would remove confusion of jurisdiction of Governmental departments over our vital railroad industry.

This regulatory measure concerns surface transportation and would permit the industries therein to carry on their vital war and peace time jobs without having to struggle under the complexities of serving two Governmental agencies. For instance the railroads have been an outstanding arm of the military program. This was promptly and forcibly shown following Pearl Harbor and the record of service has continued with one of the most amazing war-time performances in history. Insofar as transportation is

concerned the European job is far from over. There is another tremendous transportation job ahead in the Asiatic theater and everyone knows that without facile performance our efforts in the Far East will be hampered.

The Bulwinkle regulatory measure would permit transportation officials easement of mind in performing patriotic duties by clarifying a trying condition that now harasses them. This, at a time, when their every effort and hour is concerned with vital war business.

As Representative Bulwinkle declared when his measure was initiated, "It is a matter of general knowledge that the carriers cannot serve two masters; therefore, it becomes the duty of the Congress to say which Government agency, or department, shall have control of the railroads and other carriers."

The bill, according to its author, seeks to remove uncertainty and confusion and places the regulation under that agency of Congress, the Interstate Commerce Commission. It is also made entirely clear that Anti-Trust laws are to be applied to common carriers in a way which will not prevent nor obstruct application of the will of Congress, as contained in the Transportation Act of

1940. Care was taken in drafting the bill to guard the public interest in accordance with provisions of the National Transportation Policy. Treatment the bill would afford the surface carriers is similar to that now provided commercial air lines and maritime shipping.

In short, if railroads and other surface carriers, abide by the rules and regulation and agreements prescribed by the Interstate Commerce Commission they should not be subject to prosecution of any other Governmental agency which may have a whimsical interpretation of the governing agencies agreements with the carriers, tacit or otherwise. They would be strictly answerable to but one agency.

Last Friday afternoon, we met a spruce old Stonewall County soldier, Pvt. Thomas D. Smith, who came in last week from a hospital in Chickasha, Okla. He is another local boy who helped hold back the Germans last Christmas time in Luxembourg. Smith was wounded on Dec. 23, in that little country that has been fought over so many times by the Germans. He went through several hospitals, and on April 3, he left England for his home land. He is quite normal now and is as game as they make 'em. He is a son of Mr. and Mrs. Isaiah Smith.

S&amp;S

This week we had an opportunity to talk with a young paratrooper, Pvt. Harold Cozart, son of Mrs. Rufus Herbst, who had come in from a hospital in California. He has been pretty badly wounded in the battle of Corregidor. His story of that conflict was that on Feb. 19, his company of paratroopers landed and began taking Jap pill boxes. Several had been taken by Feb. 25th. Then they came to a hill-like place with two iron doors with guns sticking out, and they were sure they were about to blow up a large number of Japs. Sure enough about 20 came out on a "Bonzai" and Cozart said, "That's what we like; we just mow 'em down." But night came on and they "perimetered" the hill, and prepared to blast them on the 26th. They did; but instead of Japs, it proved to be an ammunition dump. The whole hill went up in the air, burying, wounding, and killing about 200 men. Cozart got his right leg broken below the knee, and the thigh bone of that leg split, his left upper arm bone split, and his left fore-finger almost cut off. He still goes on crutches, and from the looks of his clothing, he was a big fellow when he jumped. He will be OK in a few months, and will gain back the lost weight.

Pfc. Dean Witt sent the Herald family a letter, from what we guess is Okinawa. The Witt twins have been on Saipan, but from Dean's remarks, they must be getting close to Japan. He said the weather was cooler "there" than at Saipan and that it was pretty in spots on the "rock." Good luck, boys.

## About Soldiers--Sailors

Lieutenant Horace E. Crow came down last Friday from the Topeka, Kan., Army Air Field, where he had been training and preparing for overseas combat duty. Lt. Crow has been flying two years and was commissioned in June 1944. He is at home with his parents, Mr. and Mrs. Earl Crow, but is expecting his call to start "somewhere" any hour. He is temporarily assigned to the bomber ferrying division of the Air Transport Command.

The Herald has a letter from Mr. and Mrs. Mike Walker of Devine, Texas, that tells about their sons in the Navy. Willoughby C. has been in the Navy 17 months, with 13 of them overseas, and of that 10 in New Guinea. He has been at home once. The other son is W. A. Walker who got to come home in February. He was on the old Marblehead in the South American waters and came back by plane to Florida. He has had 28 months in the Navy and seems to have done fine financially. \$2,500 in cash and \$600 in bonds. Why should a mother not be proud of such sons? And the Herald is glad to tell the world that these two kids are making good for home and country.

S&amp;S

Mrs. Bert D. Locke, who lives with her parents on Rt. 4, Rock Hill, N. C., sends us a little information that appeared about her husband in the Charlotte, N. C., Times. We glean from it that 1st Lieut. Locke has been awarded the Purple Heart for wounds received Feb. 4 while fighting against a Jap concrete gun emplacement near Manila. Locke is a paratrooper officer in the 11th Air Borne Howitzer Battery. He also had many other close calls in the Islands fighting. In Hamlin, this boy was called "Bub," but now he is quite a man, has a wife and a daughter about one year old whom he has never seen. Remember these four: "Bub" Locke, Bill Scott (now Captain), Roy E. Tims (a prisoner of the Japs), and Herman Treadwell (a long-time soldier in Italy, France and Germany). Well, some of these days, we all hope to see them here in a reunion.

S&amp;S

With the 76th INFANTRY DIVISION in GERMANY.—The war with the Germans had to take a back seat in the mind of Captain Albert A. Maberry, Co. E, 304th Infantry, when he received word of a new arrival in the family, Albert A. Maberry, Jr. The captain was so happy because the new arrival was a much wanted son that the company immediately adopted Albert Jr. as its mascot.

Mrs. Maberry and daughter and son are making their home in Hamlin, while awaiting the captain's return. (Public Relations Release.)

Sgt. John E. Morrison has been at home now nearly two weeks, almost directly from Italy, where he had been ten months with the 15th Air Force. His wife, the former Bernice Bush, came down from Paducah to meet him. John Ed will have 30 days at home with his parents, Mr. and Mrs. J. P. Morrison, and then will report to Harvard, Neb.

Sgt. and Mrs. J. E. Johnson, Jr. came down from the Lubbock Air Field on Thursday of last week to spend three days with their parents, Mr. and Mrs. J. E. Johnson and Mr. and Mrs. J. P. Morrison...and to visit with Sgt. John E. Morrison who had just arrived from Italy.

Mrs. Boris Mamaux, the former Lenora Hale, left Wednesday for Pittsburgh, Pa., to visit her husband's parents, Mr. and Mrs. R. C. Mamaux. Pfc. Mamaux is somewhere in Germany. He trained at Camp Barkeley with the 12th Armored Division.

S&amp;S

This week Mrs. Lesley Shelburne received the Purple Heart which was awarded to her husband, Pvt. Lesley B. Shelburne, for wounds received in his left arm on Feb. 19, 1945, while fighting in Germany. However, he says he is fully recovered and is now back with his old unit in the 94th Division.

S&amp;S

First Lieutenant Bert Whaley, Jr. has come back from the India-Burma Area, and last Saturday morning, he and his wife and little son, Bert Whaley, III, arrived in Hamlin to spend a part of his 30 days' rest in the States. He will return to hospitalization in New Orleans, La. Lieutenant Whaley is the only son of Mr. and Mrs. Bert L. Whaley, Rt. 4, Hamlin. He was one of the first young men of this community to get started in aviation. He might be regarded as an old "regular."

Bert had been overseas so long that he never had seen his little son till this trip home...a 16 months old boy, who calls the tanned and toughened soldier something that sounds like "dadda," now makes him smile and realize what time brings to young lives.

The young officer has "gone places" on long and dangerous missions, as a communications officer in troop transport. He wears a long service bar with two bronze battle stars.

Sgt. Lewis E. Wright, Jr., came from the San Angelo Air Field on a three day pass to spend Mother's Day with his mother, Mrs. Roy Batemon, and husband.

After the battle, brother!

War's stern needs, as you know, have far advanced the previous limits of gasoline performance. In all this progress our share has been great—especially because of our extensive research and process development. Whenever the same mature abilities can be focused on NEW-DAY CONOCO BRONZ-Z-Z GASOLINE, your car will get a strong "second wind." For there'll be new-day power in this high-octane fuel. And it will fire clean—to let your engine thrive. So then every latest gasoline feature will be yours—and you'll know it plainly—using NEW-DAY CONOCO BRONZ-Z-Z GASOLINE. Continental Oil Company

### FROM THE HULING FAMILY

We are deeply grateful to our old friends and neighbors for their many kind acts and expressions of sympathy in the passing of our husband and father. We thank you for the floral offerings that speak a consoling feeling to sorrowing hearts. For everything, we thank you sincerely.

Mrs. W. A. Huling and Family.

### Card of Thanks

We wish to express our deepest appreciation and sincerest thanks to all our friends for the many expressions of love and sympathy shown to us in our great sorrow occasioned by the death of our darling loved one, Eugene McInroe. We especially thank our Swedonia and Hamlin friends who have been so kind and thoughtful in a multitude of ways during his long illness. We are grateful for the loving tribute of flowers honoring his memory and contributing to our consolation.

May God richly bless each of you.

### Sugar Called Mainstay Of Army Combat Ration

Sugar is the mainstay of the army combat ration and of practically all army field rations because of its high concentration and its value as a quick energy food. A typical "C" ration contains five lumps of sugar for one meal. In addition to the sugar furnished with a meal in a combat ration there may be five pieces of hard candy. Sugar is also essential to preserving many foods for storage in shipments overseas, including pickles, preserved fruit, sugared dates, and some meats.

Mr. and Mrs. H. I. Money and daughter, Irwinna, Mrs. M. H. Coker, and Miss Nellie Pearl Money, of Dallas, and Mr. and Mrs. W. S. Harrell, of Aspermont, spent Mother's Day here with their mother, Mrs. N. E. Money.

Mr. and Mrs. Rufus Herbst returned Monday from a trip to California where they visited their daughter, Mrs. L. S. Chism and husband, and their son, Pvt. Harold M. Cozart, a paratrooper who was wounded in the Philippine fighting, who was being treated in a Santa Barbara hospital. The soldier was able to accompany them home. Also Mrs. Chism, who will be remembered as Miss Lessie B. Herbst, returned with them to visit two or three weeks with her parents and other relatives.

## THE TEXAN'S SHARE IN THE WAR

Texans at home, proud at the part their fighting men played in the defeat of Germany and Italy, took V-E day in their stride. Realizing the bitter months of war that lie ahead before Japan is beaten, they took no time for exuberant celebrations. They paused only for a prayerful hitch at their belts, they resumed the task of backing their fighting sons and daughters. Everywhere they realized that any slow-up in work, in giving and in bond-buying would mean many more Texas and other American lives lost.

Meanwhile, even before Texas fighters in Europe could turn their eyes to what other Texans are doing in the Pacific, French brass hats got another lesson in the value of Texas as an ally in any war.

Two battalions of the famed 36th "Texas" Division, which already had been collecting Axis generals and liberating American prisoners in a first class rampage, swung into Austria to free two former French premiers, Edouard Daladier and Paul Reynaud, and two French generals from an Axis prison. Gen. Maurice Gamelin, unsuccessful defender of the Maginot line and head of the French army in the early days of the war and Gen. Maxime Weyand, the commander of the Near East at the time of the French collapse, were the generals. A sister of Gen. Chas. DeGaulle was included in the rescued group.

Mr. and Mrs. Cecil Richardson and little daughter, Jan of Colorado City spent the week end here with his parents, Mr. and Mrs. S. M. Richardson.

Mrs. Grace Odom is in Sundown with her sister, Mrs. Jim Richardson whose husband underwent major surgery in a hospital in Littlefield. Mr. Richardson's condition is reported slightly improved.

Mrs. Horace Haight and daughter, Barbara, and granddaughter, Polly Wade, and sailor boy James L. Haight, BM 2/c, came over from Graham last Friday to make a "pop" visit with friends at Histon. James had to leave Sunday for his post at San Francisco.

Minister and Mrs. Mardell Lynch and sons, Dudley and Stanley, spent the past week end in Eden, Texas, their former home. Mr. Lynch delivered the baccalaureate address to the Senior Class of the Eden High School, Sunday.

Miss Dorothy Fern Routh and her roommate, Miss Joyce Cannon of Houston, both students in Hardin-Simmons University, Abilene, spent Mother's Day with Mr. and Mrs. Tom Routh.

Mrs. R. P. Stallings, of Detroit, Texas, is here to visit her daughters, Mrs. W. C. Russell and Mrs. R. J. Mathis.

## IT'S ALL IN THE WAY YOU LOOK AT IT!

MAYBE you won't thank us for reminding you of the H C of L. But it doesn't seem nearly so high when you look at it in the light of your electric bills!

(The lines above may look like a mystic maze. But if you close one eye and tilt this page to the position shown, you can easily read four familiar words.)

Almost alone among household necessities, the price of electricity has not spiraled upward with war. In fact, official government figures\* show that the average price of electricity has actually dropped 3.2% since 1939!

That's especially good news now, but it continues a long-time trend. Electric prices have been coming down so steadily that the average American family gets about twice as much electricity for its money today as it did 15 years ago.

If your bill is no smaller, it's because you're using more electricity to do more jobs than you did then. But the saving is there.

It has been accomplished by America's light and power companies in spite of rising costs and taxes—on top of huge war demands for service that were met without delay, shortage or rationing.

It was done by efficiency and experience and sound business management—by the same American enterprise which built our nation and on which its future depends.

## Lights of New York

by L. L. STEVENSON

**Brother and Sister:** Ethel Barrymore, who makes the radio program, "Miss Hattie," real treasures a garter which her brother John wore in his memorable portrayal of "Hamlet." One night after the show, Ethel said to him, "John, you have proved yourself the greatest of us all." Barrymore, plainly deeply touched, to cover his feelings, started to burlesque. He gallantly bowed to her and his garter snapped. Picking it up, he held it in his hand and intoned, "To the fairest lady of them all, I doff this little trinket sans which my hose will fall, with nothing there to link it." Handing the garter to his sister, he kissed her tenderly. "You know, Ethel," he said seriously, "of all the people I know, I'm proudest of you."

**Rough Going:** One of this department's fair feminine sentinels reports that a friend of hers recently took a position as a teacher in an uptown school which used a station wagon to pick up pupils at their homes and return them. A few days ago, the driver of the station wagon received his induction call and no replacement could be found. So to the new teacher was delegated the task of each morning finding a taxi and gathering the pupils. In no time at all, drivers in her neighborhood learned that to accept her as a fare meant eight or ten stops. So they avoid her to such an extent that now she has to arise at least an hour earlier each morning to get to school on time. And the worst of it is, the school allows her only 15 cents with which to tip the driver. Now she is looking about for another teaching position.

**That's My Pop:** Mrs. Perry Como, wife of the movie and radio singing star, the other afternoon took their five-year-old heir to see his dad's latest picture, "Something for the Boys," which was being shown at a neighborhood theater. In one of the scenes, Vivian Blaine embraces Perry. "Hey, you!" yelled the little lad, "let my dad alone!" And so excited was he that it took Mrs. Como several minutes to quiet him. Then all went well until about 10 minutes later Miss Blaine again embraced Como. That burned the youngster up completely. "Let my dad alone!" he shouted. "If you don't, I'll hit you." Mrs. Como tried to explain but to no avail, young Como ranting on and on so loudly that an usher was forced to order both to leave the theater.

**Ballet Note:** After the Ballet Russe finished at the New York Center of Drama and Music the other evening, Danilova, the dancer, hastily brushed off her make up and practically flew from her dressing room to the street. Crossing Sixth avenue on 55th street, she was almost hit by a motor car. But she continued on down Sixth until she reached the Ziegfeld theater stage entrance. The doorman tried to stop her but without wasting a moment on him, she whizzed upstairs and almost onto the stage just before the final number of "The Seven Lively Arts." Danilova had almost broken her neck and arches to see a ballet sequence danced by her very good friend, Alicia Markova and partner, Anton Dolin.

**Real Hunk of Man:** Valets in New York hotels become accustomed to just about everything in the course of their daily work but one of our faithful sentinels reports that when he dropped into the Hotel Dixie a day or two ago, he found the valet, a friend of his, regarding with wonder a pair of uniform trousers that had been sent down to be pressed. The waist line was 66 inches and each leg contained almost enough cloth for a whole suit of clothes. Our sentinel made an investigation and found that the owner is a merchant marine officer who is six feet tall and weighs a mere 385 pounds. And that isn't the pay off—on his last voyage the mariner had lost 135 pounds!

**End Piece:** It is well known among cafe socialites that Sherman Billingsley, the Stork Club host, will not under any circumstances be heard on the radio. A few days ago, Arlene Francis, stage and radio actress, was being interviewed from the Stork by Shirley Eder, the network glamour girl. Throughout the informal, unrehearsed interview, Billingsley, sitting at a nearby table, was an interested spectator. Suddenly acting on an impulse, Arlene, taking the portable mike with her, went over to him. "Come on, Sherman," she said, "say something on the air." Billingsley shook his head vehemently. "But, Sherman," wheedled Arlene, "why not?" Tricked, the usually poised Billingsley blurted out the first (and quite probably the last) words he has ever spoken over the air, "I'm too scared."

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

**1** Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

**2** Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

### Interior Finishings of Tomorrow's Homes Will Be Different

AUSTIN, Texas.—Homes of tomorrow in Texas will continue to be built of wood, but much hollow tile and gypsum plaster will be used and interior finishings will be different.

These predictions are made by a University of Texas chemical engineer, Dr. W. A. Cunningham, who has made a study of gypsum plaster and other materials.

Plastic and magnesium alloys will be used for window trimmings, door trimmings, for certain household appliances, and plastic will even be used for screens, he says.

"Hollow tile is especially good for homes because the outstanding production is in Texas, it has excellent insulating values, and it is adaptable to air-conditioning."

Another important feature of the homes of the future, according to Walter T. Rolfe, chairman of the

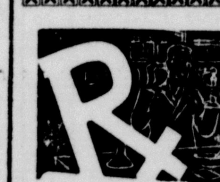

department of architecture, is that homes will be built to take advantage of sunlight. The use of glass to permit sunshine both summer and winter, simplicity of lines, and utilization of natural environment will mark the new homes, he says.

(Continued From Last Week)

#### THE WOMAN AND THE HOME

Woman was created by God to meet a need which arose in the life of man. The reason for her creation is given in Gen. 2:18. "And the Lord God said, It is not good that man should be alone; I will make an help meet for him." The word "meet" in this passage means suitable. God then created woman as a suitable companion of man.

The circumstances which resulted in the creation of woman suggest her function—namely, to be the companion and co-worker of man. Paul, in I Cor. 11:8-9, makes this clear: "For the man is not of woman; but the woman of the man. Neither was the man created for the woman; but the woman for the man." Woman finds her greatest usefulness as the companion and helper of man. It is in this work that she can give fullest expression to her natural abilities and peculiar powers, being especially equipped by nature to serve as the comrade of man.

This does not mean that woman is in any sense a servant or a slave of man. Instead, woman was the final and finest of God's creation, the climax of his handiwork, and the masterpiece of his creative skill. Woman at her best surpasses any other creature on the earth in beauty, charm, tenderness, and virtue.

Highly significant also is the fact that woman was taken from man's side. Some one has said: "God did not take woman from man's head that she might rule over him, nor yet from man's feet that he might trample upon her. God took woman from man's side that she might be his companion and helper throughout life." From man's side she was taken, and by man's side her highest usefulness can be obtained, her sweetest joys realized.

Since God made woman especially for man, her value to him is inestimable. The wise Solomon who had much experience in such matters, made this observation: "Whoso findeth a wife findeth a good thing, and obtaineth favour of the Lord." (Prov. 18:22) Again the same sage of Israel said: "A prudent wife is from the Lord." (Prov. 19:14) This is literally true, for God made woman for man. Man, therefore, can have no more valuable possession than a good wife.

The Bible clearly outlines the place of woman with relation to her husband. The wife is definitely commanded to be submissive to her husband. Paul, in Eph. 5:22, commands, "Wives, submit yourselves unto your own husbands, as unto the Lord." In Col. 3:18 the apostle repeats the same command in almost identical words: "Wives, submit yourselves unto your own husbands, as it is fit in the Lord." The apostle Peter teaches the same lesson, adding the reason for woman's submission: "Likewise, ye wives, be in subjection to your own husbands; that, if any obey not the word, they also may without the word be won by the conversation of the wives; while they behold your chaste conversation coupled with fear." (I Pet. 3:1-2) However, it should be immediately added that Peter commands husbands to deal tenderly with their wives: "Likewise, ye husbands, dwell with them as the church dwelleth, giving honour unto the wife, as unto the weaker vessel, and as being heirs together of the grace of life; that your prayers be not hindered." (I Pet. 3:7)

The feminine qualities of beauty and charm with which God has endowed woman do not well equip her to be a boss or a ruler. To do these things well she needs the rougher virtues of man. Consequently, when she tries her hand in these fields she either loses her distinctly feminine loveliness by becoming mannish or fails completely as a ruler. This does not mean that woman is inferior to man. It only means that she is different from man.

Woman's natural endowments enable her to be supreme in making a home. In this field she has no equal. The touch of a woman's hand can transform a lowly cottage into a haven of bliss. None knows the truth of this statement better than those families which have suffered the loss of a good wife and mother. Older women are to teach the younger women to develop those qualities essential to keeping a Christian home. Paul, in his letter to Titus, gives this instruction: "The aged women... teach the young women to be sober, to love their husbands, to love their children, to be discreet, chaste, keepers at home, good, obedient to their own husbands, that the word of God be not blasphemed." (Tit. 2:3-5).

There are many wives who destroy the very happiness in their homes which God intended for them to keep. The nagging wife, the slovenly house keeper, the gadabout, and other similar types explain why so many men seek companionship away from home. There is much more to keeping a home than drying the dishes, sweeping the floor, and cooking the meals. An atmosphere of love, cheerfulness, and genuine friendliness must be maintained. This is largely the wife's responsibility. Wives, make your home cheerful and bright, tidy, but never stiff; keep its doors open to your husband's friends and the playmates of your children, and you will seldom have occasion to wonder where your husband and children are.

## POT-SHOTS FROM McCauley

BY GEO DARDEN

Jack Perryman, of the Army, visited last week with his mother and other relatives in this community. Jack says he is billed for overseas duty again and will perhaps leave for ports unknown in the very near future. He was for many months in the Aleutians, and since returning to the States, has been stationed in Florida where he has been guarding German prisoners.

We have been informed that Dillard Teel has been wounded on Okinawa. Dillard is a graduate of McCauley High School. His mother and sisters are making their home here while his father is employed in a defense plant in California.

Mr. and Mrs. Granville Dean and daughter, of Fort Worth, visited last week end with parents, Mr. and Mrs. John Dean and Mr. and Mrs. Charley Eivens.

Mrs. Buford Jackson who is employed at the F. & M. Bank in Abilene, visited her parents, Mr. and Mrs. Albert George, last week end.

The Methodist and the Baptist Churches of McCauley sponsored Mother's Day programs at their respective churches last Sunday.

Miss Jewell Price hands us a renewal for the Herald for another year. Thanks, Miss Jewel.

J. M. (Milt) Carter, an old timer of this community, seldom comes to town but when he does, he mixes and mingles with the natives even though he walks with a cane. Mr. Carter tells us that he has a wonderful pear crop this year, although the hail destroyed the crops of some of his neighbors. Also he handed us the "dough" for a renewal to the Herald. Thanks a lot, "Old Timer."

Pfe. Louis Earl Madden and wife visited her mother, Mrs. Vera Jayroe, in McCauley last week end. He is stationed at Hobbs, N. M.

Mrs. Etta Stephenson writes one of her Sunday School pupils that she is enjoying a visit with her daughter, Mrs. Carruth, and husband in

Port Arthur. And she says she wishes that her class were there to watch the ships come in.

Mr. and Mrs. C. D. Jones visited his parents, Mr. and Mrs. J. O. Jones near Lubbock, last week end.

Visiting in the home of Mrs. M. T. Moss on Mother's Day were: Mr. and Mrs. A. L. Moss and daughter from Lamesa; Mrs. Pearl Currie and children of Neinda; Mr. and Mrs. Amos Barnes and family; Mr. and Mrs. Fred Rosenbaum and son; Mrs. Annie Sullivan; Mr. and Mrs. Jim Young and family; Mr. and Mrs. Arthur Callaway and granddaughter; Mr. and Mrs. Grover Adecock; Mr. and Mrs. Levi Ccollum and daughter.

Joyce Hamilton, from Abernathy, spent the week end with Mollie Sue Kean.

Students of ACC who visited in the home of Mr. and Mrs. L. H. Boyd last week end were their daughter, Velma Lou, Rita Roach of Spearman, and Virginia Greene.

Mrs. Doc Carter, of Texarkana, visited her parents, Rev. and Mrs. C. E. Dick, last week.

Mr. and Mrs. Rufus Herbst left last week for sunny California for a visit. They are expected to return this week. From the card we received from Rufus while he was in Old Mexico, the old boy is having a high-heeled time.

Mrs. Linnie Wheeler Eivens from Spur visited parents, Mr. and Mrs. Charley Eivens, last week end.

### Comment No. 1—

The brutal German people in all walks of life are now trying to soft-soap the American people into believing that they followed Hitler only because they were afraid not to. The German General Staff, a haughty lot even in defeat, are even now endeavoring to soft-soap the Allied officials. After such atrocities as were committed by the Germans, there should be absolutely no mercy shown such a people.

Some folks advocate Biblical terms: when smitten on one cheek to turn the other. But Christ used a different method in driving out the money-changers in the Temple. He beat them into submission.

The German people did not have to follow Hitler into destruction, any more than the people in the United States would have to follow a mad dog.

We hope that the "Clergy" of the nation will never again attempt to preach from the pulpit a disarmament of America as long as one remaining would-be dictator lives. As long as the world stands, there will be some man or woman so mad for power that they will stoop low in corruption, no matter the depth, to realize their ambition for power.

There will be wars and rumors of war as long as the world stands. We have no doubt about that, and the best way to prevent another world-wide conflict is, in the words of the late Teddy Roosevelt: "To carry a big stick."

The German and the Japanese people should be made to rebuild the world. The destruction of the world

was brought about by the war lords of Germany and Japan and endorsed by their people. "No work, no eat" should be the slogan of the Allied nations toward Germany and Japan—and that goes for rebuilding Russia, Poland, Greece, and other over-run countries.

We should not feed Germany in defeat. If Germany could feed and clothe her people in war time, let 'em do it now. Germany committed murder, robbery, and rape to feed her people and her war machine the past five years. Now let her eat with the swine and repent of her many sins. Ask the G.I. Joe who has been released from German prison camps.

### Comment No. 2—

No mercy should be shown such German "big-wigs" as Goering—and we hear he has been wined and dined by American officers. He should have gotten the same medicine as was administered to Mussolini.
